

Legal Framework & Operationalization

Financial Autonomy Not Operational

The Katsina State Audit (amendment) Law enacted in November 2021 provides for financial autonomy of the Office of the Auditor-General. S.29(1) and (2) of the Katsina State Audit Law 2020 indicates that “funding of the salaries and overheads of the State Auditor-General shall be in accordance with the appropriation act of the State House of Assembly. Any amount standing to the credit of the State Auditor-General in the annual appropriation Bill shall be paid on a first line charge to the State Auditor-General and disbursed as approved by the State House of Assembly”.

Also, S.14(d) of the Katsina State Audit (Amendment) Law 2021 states that “the Auditor Generals are to submit draft annual estimates directly to the State House of Assembly, make any necessary amendments after receiving comments from the State House of Assembly and then submits the amended estimates to the Ministry of Budget for inclusion in the appropriation bill, no changes shall be made to the estimates submitted by the Auditor Generals to the Ministry of Budget and Economic Planning without the prior agreement of the State House of Assembly, and; the Executive must not control or direct access to the resources of the Auditor Generals/Offices.”

Feedback⁸¹ received showed that the financial autonomy clause is not operational and the Office of the Auditor-General for Katsina State is dependent on its auditee (the Executive arm) for its finances. The inability of the Executive to ensure effective implementation of the audit law to allow for fiscal independence for the Audit Office continues to hinder the optimal performance of the foremost accountability institution in Katsina State as it is unable to implement freely and without interference its audit plans and programs.

Administrative Independence Activated

Response⁸² collected revealed that the Katsina State Audit Service Commission was inaugurated in December 2020 and the Commission in 2021 sat on the promotion and employment of certain staff at the Office of the Auditor-General for the State and Local Governments. This is in compliance with S.4(1) and (2) of the Katsina State Audit Law 2020 which established the

Commission and S.12(2) which provided for its powers and functions to include the power to promote and confirm appointments of persons employed by the Commission and dismiss and exercise disciplinary control over such persons holding or acting in such offices among others.

The inauguration of the State Audit Service Commission is indeed one of the positive impacts of the enacted Audit Law of Katsina State which is contributing to strengthening the Office of the Auditor-General administratively especially by ensuring that human resource issues are addressed through the State Audit Service Commission rather than through the Civil Service Commission.

Appointment Procedure for the State Auditor-General is Transparent

The process for appointing the Auditor-General in Katsina State as provided for in the Audit Law is transparent and competitive. Although S.23(1) of the principal law states that “the Auditor General shall be appointed by the Governor on the recommendation of the State Civil Service Commission, subject to the confirmation by the House of Assembly”, S.10 of the Katsina State Audit (Amendment) Law provides that “in recommending person(s) for appointment as Auditors-General, the State Civil Service Commission shall advertise the vacancy on the State's website, in two (2) national newspapers, the official gazette, and procurement journal for a minimum period of six weeks before the date set for interview. The State Civil Service Commission shall interview the applicants and recommend the top three candidates to the Governor”.

Tenure of Office for the Auditor-General is Secured

The Katsina State Audit Law provides for a secured tenure for the Auditor-General. S. 25 of the principal law which has been amended states that “the Auditor-General shall remain in office until he has attained the age of sixty (60) years and shall not be more than fifty-six (56) years at the time of first appointment”.

The law provided for a maximum term of four years for any Auditor-General appointed for the State. Term of office for an Auditor-General must be well

defined, consistent, and predictable to guarantee their independence. This will further ensure that an Auditor-General is not subjected to the direction or control of any person on the account of tenure instability.

Legal Mandate to Publish Audit Reports Online is Available

The Katsina State Audit Law provides the legal basis for reports of the Auditor-General to be published and made available to citizens. S.42(2) indicates that “the Auditor-General’s Report shall be published and made available to the public after its submission to the House of Assembly; this shall be on demand and non-payment of a minimal fee.

It is not evident if the report was submitted to the House of Assembly. However, S.43(1) of the Katsina State Audit Law provides that “the Auditor-General shall prepare and submit to the Public Accounts Committee, on a quarterly basis, a report on the performance and operation of the Office of the Auditor-General”.

Also, S.43(2) indicates that “the Auditor-General shall submit annually to the Public Accounts Committee a copy of annual performance and financial audit report with respect to the Office of the Auditor-General. The report shall include a report on the extent to which the Auditor-General achieved his/her annual plan and audited financial statements of the Office of the Auditor-General.

Nonetheless, an annual activity report for the Audit Office should include the specific initiatives and activities undertaken during the previous/outgoing calendar year to strengthen the office and improve its performance as well as any impacts (financial and non-financial) that were achieved through audit.

Performance Audit Report for 2022 Available But Not Detailed

The Office of the Auditor-General for Katsina State conducted performance audit on the operations of the Katsina State Hospital Services Management Board. However, the performance audit report should have been more detailed in line with international standards and published as a separate document from the annual statutory audit report. The Audit Office included findings on performance audit conducted into the annual report of the Auditor-General (pages 166 - 168). Notwithstanding, best practice requires that a separate report on performance audit conducted be produced, submitted to Parliament and made available to the public.

Performance audit refers to an independent examination of a program, function, operation or the management systems and procedures of a governmental entity to assess whether the entity is achieving economy, efficiency, and effectiveness in the employment of available resources.

CS/Media Actors Less Involved in the Audit Process

Civil Society and media actors are less involved in the audit process of Katsina State. A civil society organization working in the state confirmed the often exclusion of civic groups in the activities of the Office of the Auditor-General and the Public Accounts Committee.

The Office of the Auditor-General and Public Accounts Committee need to intentionally create more opportunities for engaging civil society and media actors. It is important to ensure civic actors participate actively in the audit process to enable those affected by audit issues and public finance management gaps to engage with the Office of the Auditor-General and Public Accounts Committee and provide feedback that will enhance planning and executing audit and oversight functions.
