Accountability Gaps	Recommendations
1. Ineffective implementation of the legal framework	The Executive, House of Assembly and the Office of the Auditor-General should implement the audit law effectively.
2. Lack of transparency	The Office of Accountant-General and other actors should ensure citizens' accountability reports are published online and timeously.
3. Participation mechanism needs improvement	The Office of the Auditor-General and Public Accounts Committee should improve on the involvement of civic and media actors in the audit process.
4. Insufficient oversight	The Public Accounts Committee should also discharge its Constitutional responsibilities on reports of the Auditor-General diligently.
5. Absence of performance audit report	There is a need to ensure performance audits are carried out to assess implementation of government's programs, projects and policies. Also, the performance audit report should be published.
