Accountability Gaps	Recommendations
1. <b>Ineffective implementation of the legal framework</b>	The Executive, House of Assembly and the Office of the Auditor-General should implement the audit law effectively.
2. <b>Lack of transparency</b>	The Supreme Audit Institution, Office of Accountant-General and other actors should ensure audit reports (including specific audit issues, observations and recommendations) and citizens' accountability reports are published online and timeously.
3. <b>Poor participation mechanism</b>	The Office of the Auditor-General and Public Accounts Committee should proactively involve civic and media actors in the audit process.
4. <b>Insufficient oversight</b>	The Public Accounts Committee should discharge its Constitutional responsibilities on reports of the Auditor-General diligently.
5. <b>Absence of performance audit report</b>	There is a need to ensure performance audits are carried out to assess implementation of government's programs, projects and policies.
