

Legal Framework & Operationalization

Financial Autonomy Not Operational

The Taraba State Audit Service Commission Law 2021⁴⁸ and the Audit Service Commission (Amendment) Law 2021⁴⁹ signed by former Governor Darius Ishaku in June and December 2021 respectively provides for financial autonomy for the Office of the Auditor-General. S.(1)(I) of the law states that “the funds of the Office of the State Auditor-General shall consist of such monies as may be allocated to the office of the State Auditor-General from the Consolidated Revenue Fund of the State”.

Also, S.(1)(ii) provides that “the funds of the Office of the State Auditor-General shall consist of such monies as may be appropriated for the office of the Auditor-General by the House of Assembly of the State in each financial year shall be charged on the consolidated revenue fund of the State and paid as a first line charge in twelve equal installments for each month of that financial year”.

Feedback⁵⁰ collected showed that the legal provisions stated above are not operational and the Office of the Auditor-General for Taraba State is dependent on its auditee (the Executive arm) for finances relating to its annual budget. The inability of the Executive to effectively implement the Audit Law to allow for fiscal independence continues to hinder the optimal performance of the foremost accountability institution in Taraba State as it is unable to implement freely and without interference its audit plans and programs.

Administrative Independence Not Activated

The Taraba State Audit Service Commission has not been inaugurated despite enacting and amending the Audit Law since 2021. S.4 of the audit law provided for the establishment of the Audit Service Commission while S.5(a) and (b)(i - vii) provided for its powers and functions including to appoint, confirm, promote, transfer, dismiss and exercise disciplinary control over staff of the Commission among others.

Response⁵¹ received showed that the Commission is yet to be inaugurated to begin performing its statutory functions to support the Office of the Auditor-General in Taraba State administratively.

Administrative independence is crucial to effective functioning of Supreme Audit Institutions at subnational level and to ensure administrative autonomy for the Office of the Auditor-General for Taraba State, it is expected that the Audit Service Commission would be inaugurated to limit reliance on the Civil Service Commission of the State for all human resource matters relating to recruitment, discipline, promotion, and remuneration for staff of the Office of the Auditor-General.

Appointment Procedure for the State Auditor-General is Transparent

The process for appointing the Auditor-General in Taraba State as provided for in the Audit Law is transparent and competitive. S.3(6) of the audit law (amended) indicates that “the procedure for appointment of the Auditor-General shall be open and transparent through a competitive process and shall be advertised in at least two national newspapers in Nigeria”.

Tenure of Office for the Auditor-General is Secured

The legal provisions governing the tenure of the Auditor-General in Taraba State provides for a secured tenure and clarifies the maximum number of years an Auditor-General can spend.

S.35(1) of the Taraba State Audit Service Commission Law 2021 indicates that “the Auditor-General shall retire at any time after attaining the age of 60 years or shall vacate office after putting in 35 years in active service whichever is earlier”. However, S.3(5) of the amendment provides that “the Auditor-General shall hold office for a period of four years and may be eligible for re-appointment for another period of four years only”.

The Law sets the maximum term and number of years an Auditor-General can spend in office. Term of office for AuGs must be well defined, consistent, and predictable to guarantee their independence. This will further ensure that an Auditor-General is not subjected to the direction or control of any person on the account of tenure instability

S.5 provides that (a) “the Annual Audit Report of the Auditor-General shall be considered public document and so shall be made available to the public at reasonable cost-recovery fee after submission to the House. (b) “be made publicly available in electronic format on the internet. Though the report is posted on the website and published in the official bulletin, it shall not be used unless with the approval of the State House Assembly”.

Also, S.76 of the State Audit Law indicates that “the public shall have right of access to reports of the Auditor-General in line with the provisions of the Constitution for transparency and accountability, except where such access may jeopardize state or national security”.

The provision to seek approval of the State Assembly before using the report of the Auditor-General made publicly available negates the provision in S.5(a) which equally states that the report of the Auditor-General shall be considered a public document.
