

Legal Framework & Operationalization

Financial Autonomy Not Operational

The Yobe State Public Sector Audit Law 2021⁵⁵ signed by former Governor Mai Mala Buni in November 2021 provides for financial autonomy for the Office of the Auditor-General. S.(1)(l) of the law states that “the funds of the Office of the State Auditor-General shall consist of such monies as may be allocated to the office of the State Auditor-General from the Consolidated Revenue Fund of the State”.

S. 22(1) of the law states that “the Auditors-General shall prepare and submit their estimates of revenue and expenditure directly to the House of Assembly for inclusion in the Appropriation Law”. Also, S. 22(2) states further that “the sum appropriated for each of the Offices of the Auditor-General by the House of Assembly of the State in each financial year shall be charged on the Consolidated Revenue Fund of the State and paid as a first line charge in twelve equal installments for each month of that financial year”.

Response⁵⁶ received showed that the legal provisions stated above are not operational despite implementation instruction circular⁵⁷ issued since 2021. The Office of the Auditor-General for Yobe State is still dependent on its auditee (the Executive arm) for finances relating to its annual budget. The inability of the Executive arm to effectively implement the Audit Law to allow for fiscal independence as provided for in the legal framework continues to hinder the optimal performance of the foremost accountability institution in Yobe State as it is unable to implement freely and without interference its audit plans and programs.

Administrative Autonomy Activated

Feedback⁵⁸ collected revealed that the Yobe State Audit Service Board had been inaugurated and now functional. The Board executed promotion exercises for staff of the Office of the Auditor-General in 2022. S.26(1) and (2) of the audit law established the Committee while S.36 (1) and(2) provided for its powers and functions to include the power to confirm the selection and appointment of persons recruited by the Auditors-General, subject any staff to disciplinary processes and impose sanctions among others.

The inauguration of the Audit Service Board indeed contributes to strengthening the Office of the Auditor-General administratively by ensuring that human resource issues are addressed through the Audit Service Board rather than through the Civil Service Commission.

Appointment Procedure for the State Auditor-General is Transparent

The procedure for appointing the Auditor-General in Yobe State as provided for in the Audit Law is transparent and competitive. S.5(3) of the audit law stipulates that “in recommending person(s) for appointment as Auditors-General, the State Civil Service Commission shall advertise the vacancy on the State’s website, in two national newspapers, the official gazette and procurement journal for a minimum period of six weeks before the date set for interview”.

Tenure of Office for the Auditor-General is Secured

The legal provisions governing the tenure of the Auditor-General in Yobe State provides for a secured tenure and clarifies the term limit for an Auditor-General. S.6(3) of the Yobe State Audit Law indicates that “the Auditor-General shall hold office for a period of one term of four years and may be re-appointed for another one term of four years only”.

The Law sets the maximum term an Auditor-General can spend in office. Term of office for an Auditor-General must be well defined, consistent, and predictable to guarantee their independence. This will further ensure that an Auditor-General is not subjected to the direction or control of any person on the account of tenure instability.

Legal Mandate to Publish Audit Reports Online Is Available

The Yobe State Public Sector Audit Law 2021 provides for reports of the Auditor-General to be published online. S.17(5) indicates that “the Auditor-General shall place the annual audit reports on the State Government’s website after submission to the State House of Assembly to allow electronic access to interested members of the public at no cost”.

Implementation of Audit Recommendations for 2021 Ongoing

Response⁶² received indicated that implementation of audit recommendations and House resolutions for 2021 financial year is ongoing and the Public Accounts Committee adopted 18 recommendations to be implemented by Executive agencies. It is expected that the Office of the Auditor-General and House of Assembly will have effective mechanisms for monitoring implementation of audit recommendations and resolutions.

No Evidence of Performance Audit for 2022

The Office of the Auditor-General for Yobe State did not conduct performance audit report on any government project, program or policy in 2022. The Audit Office is currently working on executing a pre-study plan for its performance audit program. Best practice requires that performance audit be conducted on projects, programs or policies implemented by the Executive and a report produced, submitted to Parliament and published online for members of the public.

Performance audit refers to an independent examination of a program, function, operation or the management systems and procedures of a governmental entity to assess whether the entity is achieving economy, efficiency, and effectiveness in the employment of available resources.

Citizens' Accountability Report for 2022 is Available

The Yobe State Government published the Citizens' Accountability Report for 2022⁶³.

A Citizens' Accountability Report (CAR) is a series of graphic and tabular illustrations of the contents of the Audited Financial Statements prepared by a government agency on behalf of the government to the citizens to ensure accountability of public funds. This report details the government's performance in carrying out the duties assigned to it and the utilization of funds in the coffers of the government.

Some of the activities include the Audit Forum and Accountability Dialogue held on 25th and 26th July 2023. Stakeholders who participated in the two-day meetings were 32 in number and drawn from diverse constituencies including the Office of the Auditor-General for Yobe State, Public Accounts Committee of the House of Assembly,

A civil society organization working in Yobe State confirmed significant participation in the audit findings review activities of the Public Accounts Committee of the State House of Assembly. Also, two journalists selected from Yobe State to participate in the Public Audit Media Fellowship are currently investigating selected audit issues and will publish their investigative reports. It is expected that stakeholders in the Yobe State public audit cycle will sustain these and other initiatives to continue to improve civic participation in the audit process of the State.
