## Accountability Gaps

## Recommendations

**1. Ineffective implementation of the legal framework**

The Executive, House of Assembly and the Office of the Auditor-General should implement the audit law effectively.

**2. Sustaining participation mechanisms**

The Office of the Auditor-General, Public Accounts Committee, civil society and media actors should sustain participation in the audit process.

**3. Absence of performance audit**

There is a need to ensure performance audits are carried out to assess implementation of government's programs, projects and policies.
