

Legal Framework and Operationalization

Financial Autonomy not Operational

The Kogi State Public Audit (Amendment) Law 2021¹⁶⁶ enacted and signed by Governor Yahaya Bello in June 2021 provides for financial autonomy for the Office of the Auditor-General. S.13(2) of the law states that “not later than 90 days before the end of the financial year, the Auditor-General shall prepare and submit draft estimates of revenue and expenditures of his/her offices for the next financial year directly to the House of Assembly, make necessary amendments after receiving comments from the House of Assembly and then submit to the Ministry of Budget and Economic Planning”.

S.13(5) indicates further that “The sum appropriated for the Office of the Auditor General by the House of Assembly in each financial year shall be charged on the Consolidated Revenue Fund of the State and paid as a first line charge in twelve equal installments for each month of that financial year”.

Despite the implementation circular¹⁶⁷ issued in 2021, there is no evidence the legal provisions stated above are being implemented in Kogi State. Also, none of the officials from the Office of the Accountant-General, Office of the Auditor-General and House of Assembly responded to the SAE index questionnaire despite repeated engagements. Effectively implementing the audit law to allow for fiscal independence as provided for in the legal framework is necessary to enhance the optimal performance of the foremost accountability institution in Kogi State and enable it to implement freely and without interference its audit plans and programs.

Administrative Autonomy not Activated

No proof was presented to show that the Audit Service Board of Kogi State has been inaugurated since assenting to the amended audit law in 2021. Also, relevant officials did not respond to the SAE Index questionnaire. Nonetheless, S.35 (1) of the State Audit Law established the Audit Service Board with functions to include the handling of all matters on recruitment, promotion and discipline of members of staff of the Offices of the Auditors-General among others.

A fully functional Audit Service Board would guarantee administrative independence for the Office of the Auditor-General for Kogi State and limit reliance on the Civil Service Commission of the State for all human resource matters relating to recruitment, discipline, promotion, and remuneration for staff of the Office of the Auditor-General.

Appointment Procedure for the State Auditor-General is Transparent

The process for appointing the Auditor-General in Kogi State as provided for in the audit law is transparent and competitive. S.7(1-3) stipulates that “the process of selection of the State Auditor-General should ensure a transparent and open process for the selection. The process shall be widely advertised to enable well qualified candidates compete. In recommending persons for appointment as the Auditor-General, the State Civil Service Commission shall advertise the vacancy on its website, in two national newspapers, the official gazette and the Procurement Journal for a minimum period of six weeks before the date set for interview”.

CS/Media Actors not Involved in the Audit Process

There is no indication that civil society and media actors are involved in the audit process of Kogi State, especially because civic actors do not have access to the full report of the Auditor-General on the account of the Kogi State government.

It is important that civic groups who are mostly affected by audit issues and public finance

management gaps can use audit information to engage with the Office of the Auditor-General and Public Accounts Committee to ensure their opinions and experiences reflect in planning and executing audit functions as well as the oversight role of the State's Parliament.

PAC Review of 2021 Audit Report not Started

There is no proof the Public Accounts Committee of Kogi State House of Assembly has reviewed the 2021 report of the Auditor-General on the account of Kogi State Government. The PAC did not respond to the SAE Index questionnaire despite repeated engagements. There's also no indication the Committee has any mechanism for monitoring implementation of its recommendations.

The PAC is encouraged to improve its effectiveness and ensure reports of the Auditor-

General for 2021 and other pending audit reports are given expeditious consideration. The PAC should also involve civil society and media actors when reviewing audit reports and ensure its resolutions reflect the experiences and feedback from citizen groups particularly those who are victims of audit findings and other public accountability gaps.
