	Accountability Gaps	Recommendations
1	Inadequacy and ineffective implementation of the legal framework	The Executive and State House of Assembly should work collaboratively to remedy inadequacies in the legal framework and facilitate its effective implementation.
2	Lack of transparency	The Supreme Audit Institution, Office of Accountant-General and other actors should ensure accountability documents such as audit reports and citizens' accountability reports are published online and timeously.
3	Participation mechanism needs improvement	The Office of the Auditor-General and Public Accounts Committee should proactively involve civic and media actors in the audit process.
