Accountability Gaps		Recommendations
1	Lack of transparency	The Audit Office, Office of Accountant-General and other actors should ensure citizens' accountability reports are published online and timeously.
2	Sustaining participation mechanisms	The Office of the Auditor-General, Public Accounts Committee, civil society and media actors should sustain participation in the audit process.
3	Oversight needs improvement	The Public Accounts Committee should discharge its Constitutional responsibilities on reports of the Auditor-General diligently.
4	Absence of performance audit	There is a need to ensure performance audits are carried out to assess implementation of government's programs, projects and policies.
