Accountability Gaps	Recommendations
1 Inadequacy and ineffective implementation of the legal framework	The Executive, House of Assembly and the Office of the Auditor-General should work collaboratively to remedy inadequacies in the legal framework and implement the audit law effectively.
2 Lack of transparency	The Audit Institution and other actors should ensure audit reports (including audit issues, observations and recommendations) are published online and timeously.
3 Participation mechanism needs improvement	The Office of the Auditor-General and Public Accounts Committee should improve on the involvement of civic and media actors in the audit process.
4 Oversight needs improvement	The Public Accounts Committee should discharge its Constitutional responsibilities on reports of the Auditor-General diligently.
5 Absence of performance audit	There is a need to ensure performance audits are carried out to assess implementation of government's programs, projects and policies.
